

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher M. Tobin and Patrick Griffin on 9/29/2010.

Claim 10. A non-transitory computer readable medium, for playing back video data, including program instructions executable by a computer system for:

accepting a playback instruction indicating a playback frame, using first position information which is absolute position information as to each frame of the video data;

determining whether the first position information of the playback instruction exists in each status section which is grouped by a plurality of consecutive frames with matching status information indicating a type of change pattern of a value of the first position information as to each frame of the video data in a table information;

identifying second position information which is associated with the first position information of the video data and is relative position information, relative to a starting frame of the video data, of the playback frame and which corresponds to the first position information of the playback frame which is specified by the playback instruction based on a result of the determination; and

playing back the playback frame corresponding to the second position information identified.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daquan Zhao whose telephone number is (571) 270-1119. The examiner can normally be reached on M-Fri. 7:30 -5, alt Fri. off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Tran Thai Q, can be reached on (571)272-7382. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
